HULL LIGHT
BLACK

12 VOLT
ONLY

Re-engineered version of our popular QL-32 Hull Light. New style available without molded-in

polycarbonate lens. For boats having a more pronounced bow flare.

- Illumination up to 100,000 candle power
- Beam projects below deck line to eliminate glare
- Made from all corrosion-proof materials
- Greatly enhances the appearance of boat
- Easy bulb replacement; can be done from inside the boat
